Evaluation of Registration for  
Diuron and Trifluralin on Cotton  
Application of January 20, 1966,  
By E. I. DuPont de Nemours  
Registration Number 352-199 & 247

INTRODUCTION

DuPont wishes to register a tank mixture of Diuron and Trifluralin and an application of Diuron followed by Trifluralin.

These uses are registered separately. The dosages are lower than that of registered dosage.

On February 17, 1966, R. E. Ney approved the application of Diuron followed by Trifluralin.

CONCLUSION

The use of a tank mixture would be acceptable.

RECOMMENDATION

It is recommended that the use be registered with the following RL comment. The label should specify that one or the other applications should be used but not jointly.
